

About Kasai Consulting

www.kasai-consulting.com

Founded in 2002, Kasai Consulting is intimately familiar with the local regulatory and environmental issues of Southern California biotech firms, hospitals, and universities. This specialized expertise enables us to develop custom solutions prudently, quickly, and cost effectively. Our long-term strategies and dedication to quality will give you continued control over EHS risks.

At Kasai Consulting, we cultivate a motivating environment where EHS professionals can advance their careers and build industry-leading skills and expertise. Our employees are committed to quality and integrity, and we form long-term partnerships with our clients.

We offer competitive salaries and an excellent benefits package, including medical insurance, a 401K plan, profit sharing, paid vacation and holidays, mileage reimbursement, and employee training and development. Interested individuals are invited to e-mail a cover letter, resume, and salary history to humanresources@kasai-consulting.com. Kasai Consulting is an equal opportunity employer.

EHS Consultant/Industrial Hygienist

San Diego, CA

The ideal opportunity for an EHS professional who enjoys working both independently and as part of a team in a small company environment, this position offers potential for growth and skill building from an experienced, certified staff. A bachelor's degree in an EHS-related discipline and one to five years of EHS experience are required.

The ideal candidate will also possess the following abilities and experience:

- Excellent written and oral communication skills
- Fluency in Microsoft Word, Excel, PowerPoint, and Outlook
- Development and implementation of EHS programs
- Preparation of technical reports and safety manuals
- Delivery of EHS training courses
- Ability to act as a liaison in regulatory inspections
- Site auditing for federal, state, and local EHS compliance
- EHS permitting
- Chemical, biological, and radiation safety
- Industrial hygiene surveying and sampling
- Ergonomic and job safety assessments
- Accident/incident investigations
- EHS experience in a laboratory environment
- The ability to perform independently and interact well with all levels of personnel.

Salary range \$55,000-\$75,000/salary commensurate with experience and qualifications
